EEO Tabulation 2006-2010 (5-year ACS data)
Industry Definitions and NAICS Crosswalk
Table 10w
07/25/2012

The EEO Tabulation 2006-2010 provides information on 90 industry categories, shown in Table Set 10W in 13 groups labeled A through M. The 90 categories are aggregations of the 2007 Census Industry Codes, which are based on the 2007 North American Industry Classification System (NAICS). The complete 2007 Census Industry Code list consists of 269 detailed categories, including seven Armed Forces categories. Because of concerns that the cross-classification of small industries with multiple occupations might lead to the disclosure of information about individual respondents, the Census Bureau decided to publish data for aggregated rather than detailed industries. Nearly every industry is aggegated within the NAICS nesting system, but there are two categories that cross NAICS sectors (2-digits). This list provides for each industry category both the Census Industry Codes and the equivalent NAICS codes.
